

Care Management for Older and Disabled Adults

ElderCareSolutions Inc.
ElderGuardians N.F.P.

**ElderCare Solutions provides expertise
and advocacy in care management
for older and disabled adults.**

Make informed short-term and long-term plans for care with the expertise and impartiality of ElderCare Solutions' Care Managers. Registered nurses with strong backgrounds in geriatric psychiatry and mental health, our Care Managers evaluate each person's needs—physical, emotional or cognitive—and skillfully address complicated family dynamics.

A Care Manager contributes to understanding the individual's needs that deserve consideration in financial and legal planning that may be out of scope for estate planners, attorneys and other advisors.

WHAT DOES ELDERCARE SOLUTIONS OFFER?

- **Makes home visits** to establish rapport and assess the elder's circumstances.
- **Prepares a Care Plan** with specific recommendations and referrals to help the professionals and family understand and better navigate the situation.
- **Participates in every aspect of Continuing Care** including nursing home visits, in-home visits, collaboration with physicians, family members and anyone else involved in the elder's care.
- **Advocates for the client** by interacting with health care and other professionals regarding decisions about treatment, care, services and housing.
- **Addresses and resolves resistance** to needed care or services.

Get Help in a Crisis Situation or with a Transition Plan for Elderly Clients

"I've seen ElderCare Solutions work miracles in the most difficult of situations. Resourceful, responsive, imaginative, and—most of all—caring, not only for the patient, but for the patient's family. Their backgrounds as Registered Nurses are invaluable. They work smoothly with the medical professionals involved in a case so that everyone works together for the best outcome for the patient."

~ Thomas M. Schroeder,
Attorney at Law, Chicago, IL
